replace

```java
public E replace(E element) {
    E top = null;
    if (size == 0) {
        elements[size++] = element;
    } else {
        top = elements[0];
        elements[0] = element;
        siftDown(0);
    }
    return top;
}
```
